PUBLIC LEDGER

The Kentucky Legislature is already flooded with bills, many of them assuring in meaning.

The Ladies' Aid Society of the Second M. E. Church will meet Thursday afternoon at the home of Mrs. Sam Kennedy on Williams street. All members urged to attend.

BIG BLAZE AT HARRODSBURG.

Harrodsburg, Ky.—Fire destroyed the Jones Block, on Main street. The building was occupied by W. E. Jackson, dry goods and clothing; W. E. Jackson & Son, grocers; H. S. Quiffett, tailor; Robert Neff, soft drinks; the Western Union Telegraph Company and the Cumberland Telephone Company. The loss is estimated at \$27,000.

KENTUCKY POULTRY

And Eggs Bring Producers Over \$12,000,000 Annually and Are Worth More Than The Wheat Crop.

Lexington—The meetings of the Kentucky State Poultry Association and of the State Bookkeepers' Association were the principal features of Farmers' week here. Director J. H. Kastle, of the Kentucky Agricultural Experiment Station, in an address to the poultrymen, told of the steps which had been taken at the experiment station to establish a poultry department under an appropriation made by the last Legislature. He said that in conformity with these plans the station hoped "to maintain upon the Station Farm an inexpensive, up-to-date poultry plant that will serve as a model to those interested in the raising of fowls."

In the course of his address Prof. Kastle deplored the fact that the production of turkeys in Kentucky had fallen off over 32 per cent. in ten years. Said he:

"There is no question, in my mind, but that the turkey, by every right and title, should have been adopted as the national bird. The turkey is a strictly American product. Along with corn and wheat and fat cattle, he is the symbol of plenty, whereas the eagle is only the symbol of a predatory prowess that is characteristic of a warlike barbarism, from which the higher and more intelligent sentiment of the entire world is rapidly growing away."

"According to the last census the number of turkeys in Kentucky had decreased from 279,749 in 1900 to 188,292 in 1910, or a falling off in ten years of 32.7 per cent. In 1910 the raising of turkeys was reported by only 46,920 farms, out of a total of 259,185 farms under cultivation in the State. In other words, only 18.1 per cent. of the farms in the State reported the raising of turkeys. Just think of over four-fifths of the farms in Kentucky without turkeys, and that, too, in a State in which the wild turkey, at one time, made his home in tolerable abundance."

Mr. Lamson stated that this visit to Kentucky was not alone for the purpose of addressing the poultry association meeting but to get in touch with the State authorities in regard to the formation of boys' and girls' poultry clubs in the rural districts of the State. This, he says, will do much to increase the poultry industry in Kentucky, as through the clubs the State and Federal authorities can inspire the children of farmers to raise poultry and also, at the same time, teach them how to do it properly. He mentioned that the boys' and girls' clubs were being used with marked success in Virginia.

Prof. Hooper said:

"From the thirteenth census of the United States it is found that there are 8,000,457 chickens in Kentucky, and these birds are worth \$3,857,456. The statistics were taken during the year 1910. These chickens produced 4,313,377 dozen eggs during that year, worth \$7,805,116. When the value of the turkeys, ducks, geese, guinea fowls and pigeons is added to the above figures, we find that Kentucky's poultry population is worth \$4,461,871, which sum amounts to approximately one-half the value of hogs of this State (\$8,931,000), and to almost as much as her sheep, which are valued at \$5,573,000."

He said that the poultry owned in the State was worth as much as the wheat crop, but that it did not compare very favorably with the output of Missouri through Kentucky's natural facilities were more advantageous than those of Missouri.

PERSONAL

Mr. George H. Longuecker has returned home after a trip to Cleveland, O.

Miss Lillie O'Neil of Elmendorf, Lexington, is the guest of Miss Blanche O'Keefe of Market street.

Weak Kidneys Often the Result of Overwork

On several occasions I have been unable to work and suffered severe pains in the back, due to my kidneys. I called on a doctor of Ripon, Wis., but received no relief.

I tried Dr. Kilmer's Swamp-Root which gave me instant relief. I was then able to resume work. Swamp-Root is the only relief I can get from kidney disease which I am subject to in the spring of the year. I am writing this testimonial through my own free will that sufferers of kidney and bladder diseases will know of the wonderful merits of Swamp-Root. I recommend Dr. Kilmer's Swamp-Root whenever I can and always have a bottle of Swamp-Root in my home.

I purchased Swamp-Root of Mr. C. J. Burnside, Druggist, of 202 Main street, Ripon, Wis.

Very truly yours,
THOMAS J. LYNCH.
I have read the above statement that Thomas J. Lynch bought Dr. Kilmer's Swamp-Root at my store and made oath the above statement is true in substance and fact.

E. J. Burnside.
Subscribed and sworn to before me this 15th day of November, 1913.
F. A. Preston.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Maysville Daily Public Ledger. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

NOW is a splendid time to have those pictures taken.

The holiday rush is over, so we can take plenty of time to get acquainted and bring out your best points.

MAYSVILLE'S RECORD

Is Remarkable for Small Fire Losses—Cost Insurance Companies Only \$1,908 Last Year.

(Frankfort State Journal.)

Maysville must have come very near making the rock bottom record in fire losses for Kentucky cities in the year 1913. During the entire year the amount of insurance losses paid out was only \$1,908. The Fire Department responded to twenty-four alarms, and evidently did its work well by holding down losses to such a minimum. There are more than 2,000 buildings in Maysville, and the city has something like 8,000 population. We do not believe there are many towns in the State which can show a better record. We happen to recall a number of small towns and villages which sustained much larger losses in 1913 than that reported by Maysville.

THE PROGRESS OF THE

Independent Warehouse!

It is evidenced by the fact that we are holding all our old customers and gaining many new ones. This is due to the manner in which we conduct their business for them. Our efforts are always in the interest of the seller and the average of \$19.17 made by George Wilson, Adams county, on 3,445 pounds, and the average of L. M. Morgan, Mason county, \$17.92, show that we get results. One basket reached \$25 and several went past \$20. The experience our force has had gives us the right to say "We Lead; Others Follow." Bring your tobacco and let us prove it to you.

THE BUSINESS MEN OF TODAY

are fully aware of the value of good dressing as a business asset. They regard well made, perfect fitting suits as much of an essential as the attractive qualities of a well kept store or office. The only question is who is the tailor who can make them the most satisfactory garments? There can be no question of doubt if you place your order with us. Remember this is the only store in this section where you can buy Ed V. Price's make to measure clothes. See the new trousers we are showing for \$10 to \$25. They are repeaters. Remember we repair all our dry clean work free of charge in a workmanlike manner.

PLAY BALL!

You Bet Maysville Will Have a 1914 Team—Meeting Last Night.

Maysville base ball enthusiasts who want to see Maysville remain on the fan map, met last night in the Council Chamber to boost the 1914 season. Every man present was a healthy rooster and things are taking on a rosy hue.

Plans were put on foot to raise \$3000 to finance the team this season. Put it down on the billboard that Maysville will be in the Ohio State League this year.

ELECTRIC SIGNS!

The distinguishing air of quality which a first-class Electric Sign gives to a store is the element which gives a sign its greatest value as an advertising medium and investment. The impression it makes is good. It blazes forth to the public that there is business enterprise, merchandise and methods up-to-date. It affects the entire atmosphere of the business district. The stranger says, "It is a live town," and publishes it abroad.

It is the Sign of the Times.
